Welcome

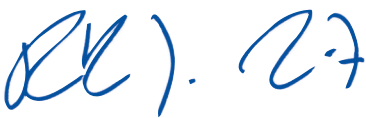

I warmly welcome you to the 2015 Horasis India Meeting and sincerely hope that you will enjoy the discussions.

The Horasis India Meeting is the foremost annual gathering of Indian business leaders and their global counterparts. This select group of global leaders will gather to create a powerful platform for cooperation between India and the rest of the world.

The meeting will engage participants to provide a holistic and timely perspective on the future direction for India. Also, participants will discuss Indian firms' growing impact on global business.

It is my sincere hope that the Horasis India Meeting will further promote win-win economic relations, stimulate innovation and provide business opportunities for corporations from India and the world.

I wish you a thought-provoking and exceptional meeting.

Welcome

It is a great honor for me to welcome you to the Horasis India Meeting 2015 in Interlaken. I am delighted that the Canton of Bern is supporting this globally oriented network event as co-host.

India's importance and potential for the global economy are undisputed. At the same time, sustainable economic growth poses immense challenges for the economy and the state. Good collaboration between the various players is thus of vital importance. The coming days offer you the opportunity as an entrepreneur, business leader or high-ranking public official to foster this vital exchange and discuss visions for a successful future.

At the same time, this event also provides an ideal platform for consolidating economic relationships between India and Switzerland. India is one of the most important partners in Asia for both Switzerland and the Canton of Bern. Trade and direct investments have been growing significantly in both directions for many years. The Horasis India Meeting offers an excellent opportunity to nurture existing contacts and establish new ones.

The Canton of Bern is very keen to ensure that you greatly enjoy your stay with us. Take advantage of the opportunity and explore the spectacular mountains of the Jungfrau region. Allow yourself to be inspired by the unrivalled beauty of nature.

I wish you an enjoyable and successful stay in the Canton of Bern.

Hans-Jürg Käser
President of the Government
Canton of Bern
Switzerland

Welcome

The Canton of Bern stands out for its well-developed infrastructure, moderate corporate taxation and multilingual, highly qualified workforce. Access to renowned academic facilities – including international ones – is excellent: the ISBerne for example, has pupils aged from 3 to 19 from more than 50 nations. The Canton's central location in Switzerland and Europe enables European and global sales markets to be managed highly successfully. Bern, the federal capital, is the political center of Switzerland. Close contact with politicians and authorities as well as short decision-making paths are assured. Last but not least, the high quality of life and security in the Canton of Bern are second to none and complemented by diverse leisure-time and cultural offerings.

As an essentially high-tech canton, Bern is home to a large number of different innovative organizations whose products make them technological market leaders. An example of these is Exilant Ltd, a fast-growing company headquartered in Bangalore, India, which employs more than 1,500 people all over the world, including Singapore, New York and London. It provides ICT services for its customers and develops new production solutions with particular emphasis on the textiles and clothing, machine industry and foodstuffs sectors. In June 2014, Exilant Ltd successfully launched a subsidiary in Bern for the development and sale of its products in Europe.

Welcome to the Canton of Bern!

Welcome

It is a great honor for us to be able to host this year's Horasis India Meeting in Interlaken from July 5-7. On behalf of the authorities and the people of Interlaken, I would like to extend a warm welcome to all participants.

Tourists have been coming to Interlaken for more than 200 years. Invariably they are fascinated by the stupendous natural setting with the world-famous icy icons Eiger, Mönch and Jungfrau and the two lakes. The renowned, late lamented Bollywood director Yash Chopra, Interlaken's honorary ambassador, produced a number of well-known films in our region. To this day, the landscapes in these films prompt many Indians to visit our region.

I hope you will have a successful conference in an inspiring setting!

Urs Graf
Mayor of Interlaken
Switzerland

Welcome

In its first year, the Government led by Prime Minister Narendra Modi, has improved the economic situation dramatically and improved investor sentiments. As a result of these changes, India is now one of the fastest growing economies in the world and all eyes are on the Indian government to see how well it manages the economy.

It is in this backdrop that CII is partnering with Horasis to organize the Horasis India Meeting on 5-6 July, 2015, at Interlaken, Switzerland. The meeting will highlight the changes sweeping across the economic landscape in India and highlight potential areas for investment.

Tuesday, 7 July 2015

10.00-14.00 **A Morning in the Mountains**

Participants are invited to join a guided tour to the Harder Kulm, the local mountain of Interlaken. The scenic from the summit offers the best bird's-eye view of the Jungfrau region where some of Bollywood's most famous movies were shot. A 15-minute breathtaking ropeway journey and voilà you are on top. A typical Swiss mountaineers' lunch is served.

We meet at 10.00 in the lobby of the Hotel Victoria-Jungfrau.
